To Whom It May Concern

We are reaching out in need of your support and sponsorship of the Inaugural South Side DIY Festival and fundraising launch event for S.C.R.E.W.S. Tool Library. Our non-profit is an initiative dedicated to providing essential tools for revitalization in the much-needed areas of the south side of Tallahassee.

S.C.R.E.W.S. Tool Library aspires to be more than just an inventory of tools; it aims to be a catalyst for positive change and beacon of support for the entire community, offering a range of tools necessary for projects that enhance and uplift neighborhoods.

Our future vision is to offer low cost hardware store resources and introductory craftsman education to home owners and young people in under-resourced areas while advocating for sustainable and environmentally responsible practices.

This is a call to action, an encouragement for individuals and organizations alike to take charge and make a difference in our under-resourced south side community. Your participation in the South Side DIY Festival as a sponsor and collaborator will not only showcase your organization's commitment to community development but also contribute to the success of our first year launch. This groundbreaking event is not just a celebration of creativity and resourcefulness; it's an opportunity to make a tangible impact on our community.

As a token of gratitude all sponsors will be provided 12 weeks of content for your organization to utilize when promoting the event online; this includes hashtags, verbiage, images and video. While the different packages all have unique benefits, (see attached) we want all sponsors recognized on social posts.

We look forward to you being a key part of this transformative event. Thank you for considering our invitation. Together let's make the Inaugural DIY Festival an inspiring and empowering experience for our community.

Best regards,
S.C.R.E.W.S.

Please see the attached document for a full list of our sponsorship packages
